

## Newsletter No. 2

### About EUGRIS

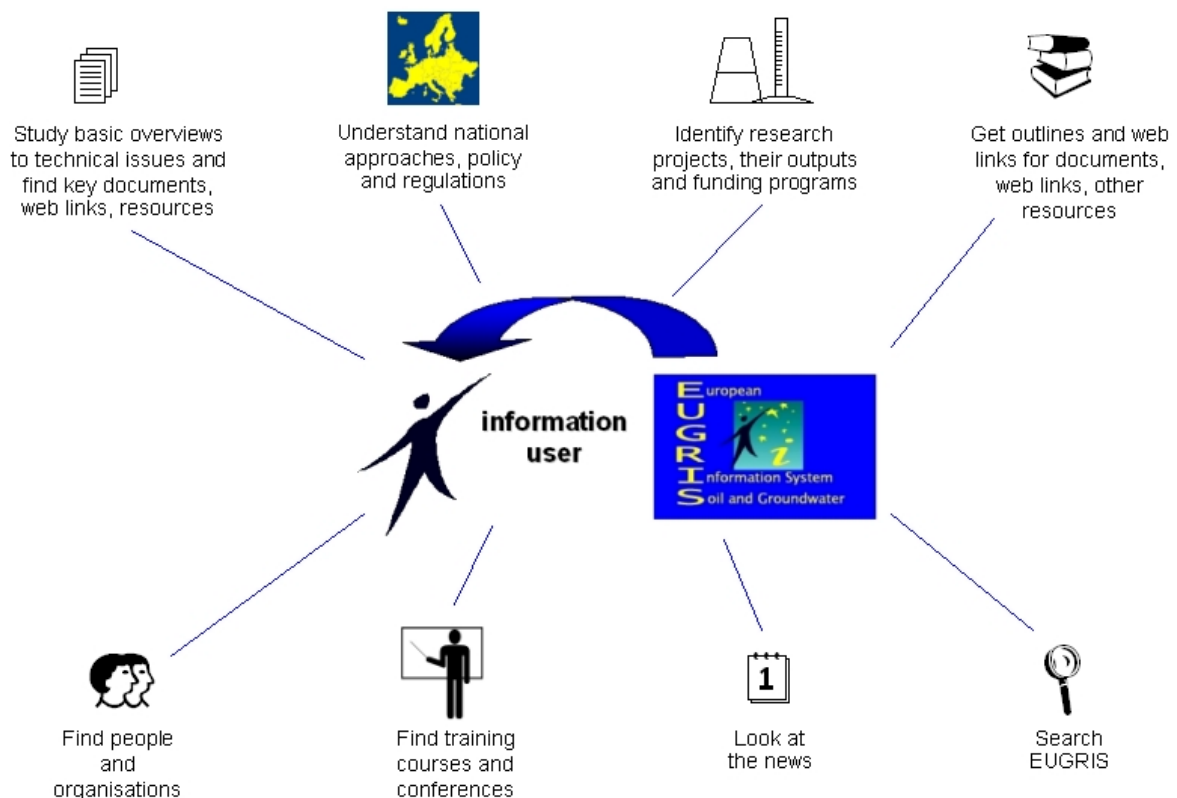

EUGRIS is a platform for explaining, searching and disseminating the state of the art in technical guidance, policy, research and funding for land and groundwater management. The gateway combines a technical and policy compendium, a search engine and a dissemination tool in one central place. Find more under <http://www.eugris.info/AboutEUGRIS.asp>

### What's new on EUGRIS

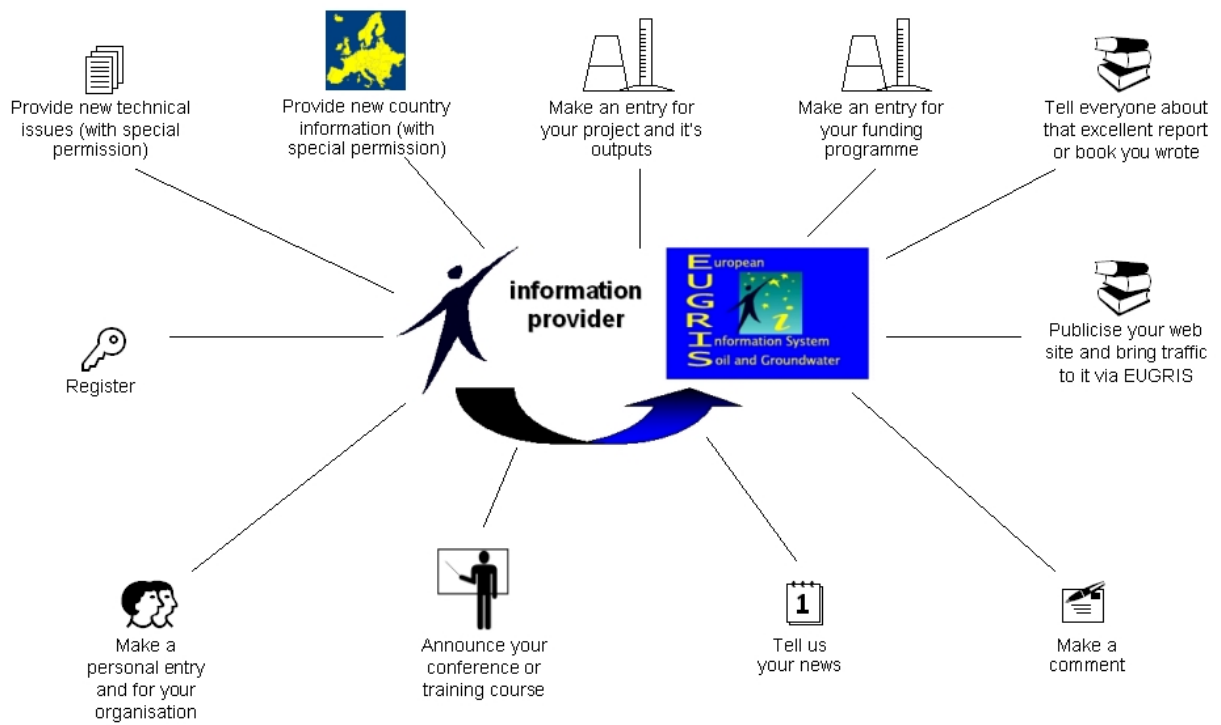

18/04/2005      **131** Research funding network SNOWMAN - Think Tank Workshop Proceedings, Vienna 2005
